3. Budget Update—Dennis Butler

Dennis will give us costs up until this point along with those items that we know we have left to fund, e.g. \$1500 for display cases, banquet costs, etc. He will also start keeping a ledger of known donations in the other column to help offset and keep a real-time running balance. Toward that end, please remember that we have the following items: Display Cases—potentially \$1500, Speaker Honorariums (\$500), Speaker’s Travel Expenses (\$750), Banquet (\$1,000), and Time Capsule Extraction and Rededication (4 at \$500) as well as other potential ideas.

5. Running Committees and Ideas

We would like to see if there are any other working groups that we need to form. Our intent then as we move forward is to ask people to work on their ideas and involvement and report back progress. If there is any question as to the committee's intent, we can discuss. Also, we can "divide and conquer" in this way.
